Come Back to Give Back....

Are you in a Comeback Community? Would you like to see your community "comeback?"

A Comeback Community has a history of economic excellence, followed by a period of tough economic decline and now - due to innovative strategies and people - it is coming back, *but differently*.

Join us on **May 23rd** to hear, discuss and connect with others as they share lessons learned in their Comeback Communities.

To begin the dialogue, the Idea Exchange will start with four Comeback Communities - each in a different stage of comeback - to discuss their progression through these 3 stages:

THINK - The origins and genesis of their "Comeback"

GET - Identifying how they are got, and are getting the required resources

DO - Implementing their Comeback; their action steps and actors.

Others will be there who can help with your community's questions, offer assistance, and share lessons learned. Owners, developers, funders, investors, residents and the "comeback-er" - people have *comeback to give-back* - will be exchanging ideas and experiences.

Our Goal: to foster and support a "*Community of Comeback Communities*", to support each other in the shared quest for their community's better future.

Come and share, discuss, learn and help.

Featured communities include **Rutland City** and **White River Junction**, VT and the cities of **Claremont** and **Franklin**, New Hampshire.

Thanks to our principal sponsor **UBS Wealth Management**.
