Press Release

Nic Dalzell joins RPF Environmental, Inc.

Northwood, NH, December 11, 2018: RPF Environmental, Inc., an environmental health and safety consulting firm, is pleased to announce that Nic Dalzell has recently joined the team as a Project Manager. Mr. Dalzell has an impressive professional track record as a general manager at a prominent New England Staples location. Not only has he developed a team management approach, he has been completing measurably successful projects, providing top-notch customer service, as well as analyzing and solving complicated problems. Combined with his accelerated aptitude for environmental sciences, he will be a great benefit to RPF Environmental, Inc. and its customers.

Mr. Dalzell earned a Bachelor of Science in environmental biology with a minor in chemistry from Plymouth State University. While there, he earned the honor of being the Top Environmental Biology Student. He recently completed training to become an EPA accredited asbestos inspector with licensure pending for New Hampshire, Maine, and Massachusetts. His eighteen years of professional work is enabling him to quickly come up to speed to provide exemplary service to RPF Environmental's customers.

With offices located in Maine, Massachusetts and New Hampshire, RPF Environmental specializes in testing and consulting services including asbestos, indoor air quality, lead, mold, silica, legionella, other hazardous materials, environmental site assessments, OSHA compliance, safety audits, industrial hygiene, environmental health and safety training, and other related projects. Visit their website at www.airpf.com or call 1-888 SAFE AIR.
